

# T - 242 - CDF3 & CDF4 - PAP-ISOL-SS

WELDFASTENERS - WITH INSULATED HEAD WASHER AND SHANK

## General description

The CDF3 & CDF4 - PAP-ISOL-SS weldfasteners consist of a stainless steel partly insulated shank firmly crimped on a stainless steel washer head, with insulated under head. The CDF3 & CDF4 - PAP-ISOL-SS weldfasteners allow the fixing of aluminium faced insulation and/or wired mattresses on sheet metal such as airducts, metal beams, metal industrial equipment, etc. in a single operation.

It is recommended to use our welding equipment CDW-72

## Recommended use

Our CDF3 & CDF4 - PAP-ISOL-SS weldfasteners are suitable for faced insulation and/or wired mattresses.

## Technical specification

		CDF3 & CDF4
SHANK	Material	stainless steel
	Insulation	heat retracted polyolefin sleeve
HEAD WASHER	Material	stainless steel
	Thickness	0,4 mm (28 ga.)
	Under head insulation	paper

## Sizes

TYPE	SIZES		
	A	B	C
CDF3	30 mm (1-3/16")	14 to 410 mm (9/16" to 16")	2,7 mm (12 ga.)
CDF4	38 mm (1-1/2")	14 to 410 mm (9/16" to 16")	2,7 mm (12 ga.)

## Application

Fix earth clamp of the welder to the sheet metal.

Lay insulation on sheet metal

Place the weldfastener CDF on the magnetic head of the gun.

Adjust the voltage according to the type and thickness of sheet metal

Press the pin through the insulation until the point meets the sheet metal and press the trigger
