

General description

Circular aluminium external louvre with insect screen for air supply and exhaust in ventilation systems.

Enclined aluminium blades prevent water to access the airduct.

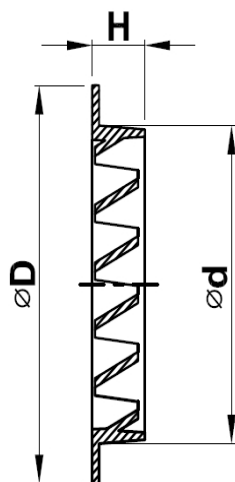

Technical description

- Made of moulded aluminium
- Equiped with insect screen*
- Round mounting collar
- **AREL** : Coated grey (RAL9006)
- **NAREL** : Natural aluminium / can be painted

*Every 3 Months the screen should be cleaned to prevent clogging. The insect screen has to be removed in mechanical ventilation when used for air supply.
